

CORRIDOR FIXTURE SERIES

DESCRIPTION

A linear fluorescent ceiling fixture designed for lighting corridors and hallways in commercial buildings, schools, and multi-family housing. Designed to evenly disperse light to the floor, walls, and ceiling.

Mounting: Fixtures designed for ceiling or wall mounting in corridors or hallways.

CONSTRUCTION

Housing: Roll-formed 21-gauge cold rolled steel with pre-finished color.

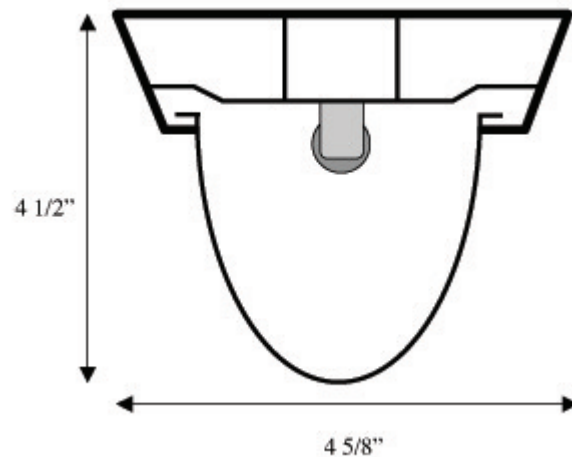

Diffuser: Standard non-yellowing smooth white acrylic lens, fully encloses lamps.

ELECTRICAL

Completely wired with solid state electronic ballast, ready to direct wire install over standard ceiling junction box. 120v, 60Hz, UL/CUL listed.

OPTIONS

Add "RW" for Ribbed White lens
Add "277" for 277v wiring.
