

EXIT COMBO SERIES

DESCRIPTION

Slim and low-profile, self-contained all plastic exit sign and emergency light combination utilizes state-of-the-art LED lighting for low energy and fully automatic emergency operation. Universal Mounting: Fixtures designed for surface wall mounting on back or 2-sided viewing for ceiling mount with included canopy.

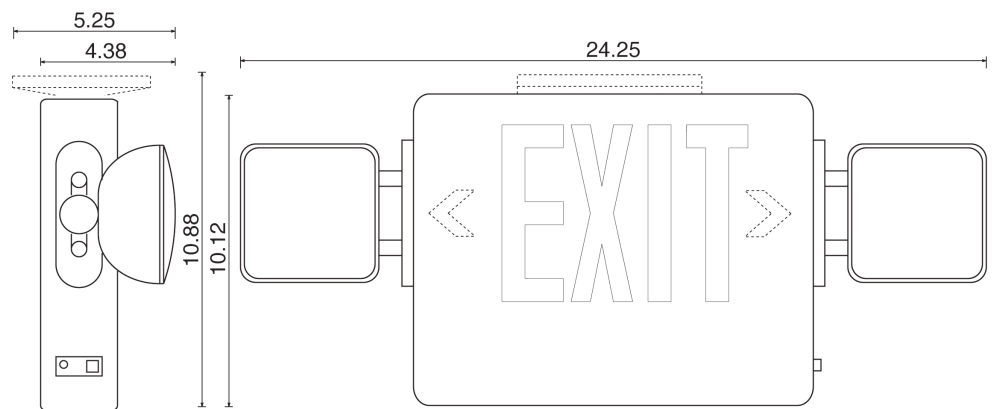

CONSTRUCTION

Housing: injection molded, V-O flame retardant, high impact plastic, in a soft neutral off-white color. Faces: matching injection molded sign faces with removable arrow indicators, 6" cut out letters and red or green lens inserts to meet most local codes.

ELECTRICAL

Completely wired with 100,000 hour LED lamps and transformer, 11W low voltage non-glare emergency spots, plus self contained rechargeable ni-cad battery for 90 minute emergency operation, ready to direct wire install over standard junction box. 120 or 277 VOLT, 60 HZ, AC, UL damp location listed.

- Add "RC" for Remote Capable
