

## MULTI MIDGET SIDE STRIP

### DESCRIPTION

A versatile miniature fluorescent strip fixture with lamps on both sides or just one side. Suitable for a wide range of applications where small size and maximum light is needed. Uses regular or high output T5 rapid start lamps.

Mounting: Fixtures designed for surface, chain, cable, or stem hanging. Can be installed as individual units, in continuous rows or in conjunction with other fixtures.

### CONSTRUCTION

Housing: Die-formed 21-gauge cold rolled steel.

Cover: Bolt-on die-formed white steel.

Finish: Phosphate coated, baked white enamel with 85% reflectivity.

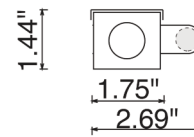

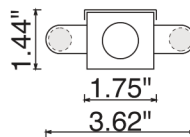

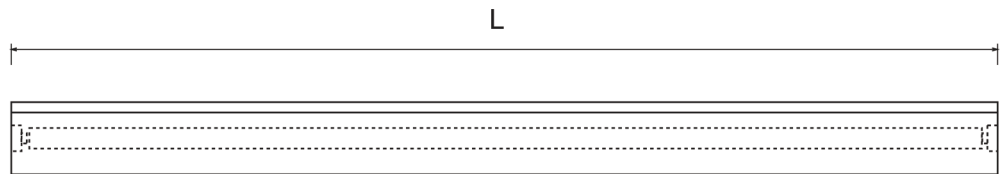

### ELECTRICAL

120v, 60Hz, solid state electronic ballast, direct wire, UL/CUL listed for dry and damp locations.

### OPTIONS

Add "SJT" for grounded cord & plug, and specify length.

Add "CO" for convenience outlet.
